

**National Interagency Coordination Center  
Incident Management Situation Report  
Wednesday, December 06, 2017 – 0800 MT  
National Preparedness Level 1**

**National Fire Activity (Dec. 1 – Dec. 5)**

Initial attack activity: Light (225) new fires  
 New large incidents: 7  
 Large fires contained: 10  
 Uncontained large fires:\*\* 9  
 Area Command teams committed: 0  
 NIMOs committed: 0  
 Type 1 IMTs committed: 3  
 Type 2 IMTs committed: 0

\*\*Uncontained large fires include only fires being managed under a full suppression strategy.

New fires: 191  
 New large incidents: 4  
 Uncontained large fires: 5

**Grey**, Okmulgee Agency, BIA. Six miles northeast of Hanna, OK. Tall grass. No new information

**Forked**, Ouachita NF. Twenty five miles north of Hot Springs, AR. Hardwood litter and timber. Minimal fire behavior.

**Flagg Lake**, East Central Area, Oklahoma DOF. Thirty six miles southwest of Fort Smith, AR. Short grass, hardwood litter and light logging slash. No new information.

**West Post Oak**, East Central Area, Oklahoma DOF. Twenty four miles southwest of Fort Smith, AR. Short grass, timber and light logging slash. No new information.

**Hickory**, Okmulgee Agency, BIA. Six miles southeast of Henryetta, OK. Tall grass. No new information.

## AIRCRAFT AND PILOT CARDING

*Aviation Category*

Every aircraft and pilot used in support of a Federal wildland fire mission must have a current Aircraft and pilot Card or letter of authorization. The card must be held in the aircraft or with the pilot, and give specific authorization to do the mission being requested.

These missions could be all, one, or any number of, missions as follows:

- Air attack (Level I, Level II, Level III)
- Reconnaissance
- Fire surveillance
- Water bucket
- Helitorch
- Cargo
- Longline

Every pilot who flies a properly carded aircraft must possess a current Interagency Airplane or Helicopter Pilot Qualification Card that gives specific authorization to fly the type of mission being requested and for the specific type of aircraft being used for the mission.

These missions could be all, or any number of, missions as follows:

- Air attack
- Reconnaissance
- Fire surveillance
- Low-level
- Paracargo
- Mountain/Remote airstrips
- Smokejumper
- Longline

Before the aircraft and pilot can be used for a specific mission, the aircraft must be specifically listed on a valid and current contract for the type of work being performed and a copy of the contract must be onboard the aircraft.

Each user of the aircraft and pilot has the authorization to physically inspect the Aircraft Data Card, the Interagency Airplane or Helicopter Pilot Qualification Card, and the contract. If any one of these three are not available for inspection, the mission must be cancelled or at least postponed until the authorizations of the aircraft, pilot, or contract can be determined.

Pilots have very specific and closely monitored duty time and flight time limitations that users must understand and adhere to:

- 14-hour duty day
- 8 hours flight time per day
- 2 days off in 14 calendar days
- 36 hours cumulative flight hours in any 6 consecutive days
